Officials Here To Discuss Details Of County Building

Sites Scanned As Need For Structure Stressed In Meeting Here

Methods of financing, inspection of sites and a general discussion of needs for a new county building for the Truckee area featured a meeting at Smart's last Friday when the board of supervisors met with members of the Nevada County Building Committee and a group of interested local people.

While no definite decision was made regarding the proposed building, those attending were unanimous in their stand that such a structure is required to keep pace with the developing community.

Supervisors H. G. Loehr, W. W. Bishop and Mosco Smart each agreed to the need, but none went beyond that point, avoiding definite commitment until further study of costs and method of financing can be obtained. The members of the building committee, Dale Smith, who presided for Chairman Stanley Halls, C. Z. Smith and Halls were present to report on their findings to date and outlined future tentative plans.

All the speakers emphasized the need for a building designed to house present as well as future agencies and ample parking facilities. This apparently narrowed the site selection down to an area off the main part of town, with a general preference being for a location between the James McIver

Suit Filed By State For Highway Route

A suit in eminent domain against the Donner Lake Development Company and 75 other parties owning land between Donner Lake and Floriston along the route of the proposed new four-lane freeway has been filed in the Nevada County Superior Court by the state division of highways.

Others involved in the action include the County of Nevada, the Truckee Public Utility District, the Tahoe Forest Hospital and numerous individuals and companies.

Filing of the action does not necessarily mean that present negotiations between the property owners and the state are ended. As a matter of fact most of the land in question is expected to be obtained by the state through peaceful negotiations.

JOE MONTANO WINS TRAIN AT THEATER

Joe Montano won last week's electric train given by the Donner Theater.

This week's matinee, starting at 1 p.m. Saturday will feature "The Golden Hawk," starring Sterling Hayden. Another train will be given away, Manager Jack Neugebauer said.

SEALED BIDS ASKED FOR LOCAL HOUSES

District Highway Engineer Alan S. Hart announced today that sealed bids are being asked by the division of highways on 14 improvements located on the right of way acquired for the construction of a freeway in the Truckee area.

The bids will be received in the District III office, 703 B street, Marysville, until 10 a.m. Friday, December 20. The improvements are mainly frame houses.

FOUR BABIES ARE BORN AT HOSPITAL

Babies making their December debut in Tahoe Forest Hospital included Irene, daughter of Mr. and Mrs. Karl Kuttel of Truckee. The child weighed 6 pounds, 2 1/2 ounces at birth, December 5.

Henrietta Charlotte weighed 8 pounds, 6 ounces on arrival, December 7 for her parents, Mr. and Mrs. Henry Paradise of Kings Beach.

Anthony Joseph are the given names of the son of Mr. and Mrs. Jack Brown who was born December 12, weighing in at 8 pounds, 10 ounces.

Susan Carol, arrived at Tahoe Forest Hospital, December 17, for her parents, Mr. and Mrs. James E. Ray of Truckee. The birth weight of the little girl was 5 pounds, 12 ounces.

Hospital Opposed To State's Offer For Highway Land

A deadlock in negotiations between the Tahoe Forest Hospital and the division of highways over land owned by the hospital and required by the state for the new four-lane freeway developed at a meeting of the board of directors last Friday evening.

Administrator J. J. McGlade said the division's right-of-way agent, William Rice, who attended the meeting, offered the hospital \$2500 per acre for the 300x400 tract of land owned by the hospital south of the institution. This figure was entirely unsatisfactory to the board which is holding out for land replacement rather than a cash settlement.

McGlade pointed out that the highway will take approximately 80 percent of the land in the tract and will thus deprive the hospital of any opportunity of expansion. The board desires an equal amount of property adjacent to the present site so that future development can be provided for.

The division of highway, Rice told the board, will negotiate for land immediately east of the hospital site, but thus far has objected to the asking price.

As a result of the deadlock between the hospital board and the state, another meeting will be held either December 20 or December 27, at which time attorneys for the hospital will attend in an effort to resolve the problem.

Action in condemnation has been prepared and bids for work of building the highway across the land in question were opened yesterday. Whether the matter can be settled out of court is a moot question, since both the state and the hospital have powers of condemnation.

Change In Patrol Personnel Locally

Sgt. Frank Snyder of the Truckee substation of the California Highway Patrol, announced that Officers Nick Comola of Anaheim and B. B. Morrow of Newhall will arrive here on December 24 to replace Patrolmen W. P. Worsham, who is transferring back to San Mateo County and Patrolman Ray Carpenter, transferring to Auburn.

Comola with his wife and three elementary school children, will move into the Jack Wolert house on Riverside Drive. Sergeant Snyder said he has not been advised where Patrolman Morrow and his family will reside.

Snyder said he regrets losing Worsham and Carpenter, but added that the new men, both with broad patrol experience, are coming here with high recommendations.

Ancient Tire Chains Are Sought By Red Cross

Mrs. Don Schuler, local American Red Cross home service secretary, has sent out an appeal for tire chains, needed only to make one-way trips over Donner Summit. She will pay a small price and asks that donors call Luther 7-3680 for the pick-up.

The next meeting of the local group will be held January 7.

Carol Diane Hart Is Honored On Birthdate

Friday the 13th did not raise any qualms for Carol Diane, daughter of Mr. and Mrs. Deloy Hart as she was the honor guest then at a Donner Theater party, to celebrate her December 2nd birthdate.

Opening gifts and enjoying the traditional refreshments also occupied the following guests: Yvonne Johnson, Mary Ann Moore, Mary Randall, Karen Reid, Monte Neugebauer, David Goldsmith, Sandra Ferdinand, Michelle DeLisle, Donald Schuler, Sandra Davis, Paul Carpenter, Kathie, Robert, Michael, Stephen and David Hart.

First Major Storm Drops 31 Inches Of Snow In Area

Traffic Snarled On Donner As Crews Kept Busy Plowing Snow

The first major storm of the year drifted in over Donner Saturday and continued through yesterday to bring 31 inches of snow to Truckee and cause considerable traffic trouble.

The highway over the summit was closed frequently as heavy trucks jack-knifed and blocked the road. The longest closure was reported yesterday morning when the route was blocked between 1 a.m. and 8 a.m. as crews worked to remove stalled trucks.

Division of highways and Nevada County road crews worked around the clock to keep the streets and roads open and clear. Rumors to the effect that the county crew would be kept on an 8-hour schedule with no plowing at night or during the weekend, was emphatically denied by Road Commissioner Robert Graham, who advised the Sierra Sun that an around-the-clock schedule would be maintained in the area during storms.

Graham also said a new rotary plow had been added to the equipment, replacing an older rotary which was removed. The equipment now consists of the rotary, two push plows, a grader and a smaller plow-equipped truck.

Precipitation here is above normal for the season beginning in September, to date according to the Wednesday morning report from Henry Tocalini of the Tahoe Forest Service at Truckee, with the reading of 10.86 and the normal to the end of December, 8.25 inches.

For the current storm to yesterday, 31 inches of snow fell with precipitation 6.02, total for December 6.22 and the normal for December, 4.48.

Friday the 13th had the week's low temperature of 18 degrees, the high of the week was 50 degrees. Twenty-eight inches of snow were on the ground, measured at the local Forest Service building.

SUGAR BOWL READY FOR BIGGEST YEAR

NORDEN—Lack of sufficient snow Friday resulted in a small gathering to observe the annual opening of the facilities at Sugar Bowl, but the situation during the past few days has changed this and all facilities are now in full swing.

Manager Walter Haug reports more than three feet of good snow assuring continued excellent skiing at the Bowl. The Magic Carpet has been remodeled and now has 36 shiny new gondolas and makes the trip in two-thirds of the former schedule.

Advance reservations for the entire winter are heavier than ever before.

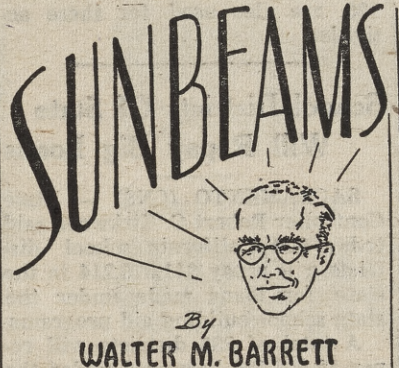

The Sugar Bowl plans a charter flight to European ski areas on February 15 and thus far 60 reservations have been made with a limit of 72. Those desiring to make the trip at substantial reductions may contact the Sugar Bowl president, Henry Jacobsen, 444 Market St., San Francisco.

POST OFFICE TO BE OPEN ON SATURDAY

Postmaster E. C. Bavier has announced that the Truckee Post Office will be open all day Saturday until 5 p.m. for the receiving and dispatching of packages and other mail. No money orders will be issued during the afternoon.

Family Has Ill Luck

Mrs. Richard Box of Oroville, formerly of Truckee, wrote that closely following her hospitalization from car accident injuries, her husband was operated on December 16 and her son will have a tonsilectomy on December 26.

This issue of the Sierra Sun is filled to overflowing with greetings and best wishes from business people and officials for a Merry Christmas to all. These greetings express the sincere feeling of the senders and it is hoped that all will be read as a personal message. The Sierra Sun and its staff and correspondents wishes to join these many others in extending to everyone our hope that your Christmas will be merry and the happiest you have ever had.

Tahoe To Oppose Big Tree Cutting

TAHOE CITY—Rotary is meeting again at the Tahoe Inn after meeting at Bacchi's Inn at Lake Forest for the last six weeks while the inn was closed. It was decided that the two meetings which fall on Christmas and New Years eves should be cancelled and the next meeting will be January 7.

Bob Tonini reported on the work of the Christmas tree decoration and the job of replacing burned-out lights on the 12 stings dropped from the center of the great pine tree in the middle of town.

President Warren Porter told the 27 members present that he had written to Gov. Goodwin Knight expressing the sentiment of the club against the cutting of this tree, used annually for the Christmas party.

There have been rumors that the state division of highways is planning to remove the tree from the center of the road. Porter said that he had also asked for the cooperation of the Lake Tahoe Sierra Chamber of Commerce and of Robert Hall, district governor of Rotary International who lives in Marysville. Several years ago the Women's Club intervened to save the tree which all of us here know does not interfere with travel through town situated as it is in the 24 miles per hour zone.

Elmer Brown, president at the November 14 session of the group in the school building when a discussion was held on the possibility of a hi-fi system being obtained for the students. Russ York reported on work progress on the local ice rink and the Red Cross summer swimming program was also on the agenda.

Mrs. Alex Ayala of Floriston thanked the P.T.A. for their part in the effort to obtain a bridge across the Truckee River at Floriston.

A program of instrumental music by students was enjoyed at the close of the business session.

STATE EMPLOYEES GET GOOSE HARD WAY

It will be a goose for Christmas for Pat Hughes and Bill Fordham, Truckee division of highway employees.

While operating a snow plow on Donner Summit near midnight Tuesday, the two men were startled when a huge Canadian goose crashed into the vehicle to meet instant death.

The bird, apparently confused in the blinding blizzard, was flying too low and landed against the plow with resounding force.

Karen Walker Is Feted At Birthday Celebration

Karen Walker, daughter of Mr. and Mrs. James Walker was the guest of honor at a party on her birthdate, December 11.

Following school, young friends enjoyed games and refreshments, including the decorated cake. Those invited included: Mary Ann Moore, Lelani Kay, Joyce Randall, Diana Pankoke, Claudia Ayala, Ann Morey, Debbie Ellis, Elene Olson, Heidi Euer, Marcia Leamon, Sherry Borden, Dawn Maynard, and Betty Saarni.

Rezoning of the land on the west side of State Route 89, one-quarter mile south of Tahoe City, Lake Tahoe, is sought by Towers, Joyce & Beckett, to establish a shopping center.

Petition Request Held Liable For Taxing Proposal

Utility Directors Study Plan To Meet Cost Of Local Investigation

The question of a tax to be levied by the district to cover the cost of an investigation of the affairs of the district as requested by a recent petition was given consideration by the board of directors of the Truckee Public Utility District at the meeting of the board last Thursday.

The financial condition of the district at this time will not permit of such additional expense, due to extensive work now under way in moving certain of its facilities to accommodate the new freeway construction, Manager C. Edmunds declared.

The board members expressed the feeling that such a tax would be the only fair way to distribute the expense, but took no direct action at this time pending further information from the district's attorneys relative to the time and scope of such an investigation as is requested, Edmunds said.

Some of the legal questions involved have been taken up with the state attorney general's office for a ruling, since this is a procedure that has not been brought up before, according to the manager.

The utility district code is not clear whether such an investigation as called for should be held now or just prior to the next district general election, according to Chairman Hal Welch, chairman of the board.

FIRST 1958 MEET OF HIGH PTA ON JAN. 9

January 9 has been set for the first meeting of 1958 for the High School P.T.A., according to Walter Jellin and all parents of pupils and other interested persons are urged to take part in the organization.

Elmer Brown, president at the November 14 session of the group in the school building when a discussion was held on the possibility of a hi-fi system being obtained for the students. Russ York reported on work progress on the local ice rink and the Red Cross summer swimming program was also on the agenda.

Mrs. Alex Ayala of Floriston thanked the P.T.A. for their part in the effort to obtain a bridge across the Truckee River at Floriston.

A program of instrumental music by students was enjoyed at the close of the business session.

STATE EMPLOYEES GET GOOSE HARD WAY

It will be a goose for Christmas for Pat Hughes and Bill Fordham, Truckee division of highway employees.

Wolverines Split In Weekend Games; Yerington Coming

by JOHN FIRPO

The Tahoe-Truckee Wolverines had another big weekend last week as they split two games, first winning a thriller from the Hawthorne Serpents in the last seconds, 52-51, then they dropped a hard fought ball game to the Carson City Senators, 68-60.

The Wolverines traveled to Hawthorne first, where they took on the Hawthorne Serpents and emerged with a thrilling 52-51 victory. The Wolverines trailed throughout the game staying within two baskets of the Serpents and trailed 21-20 at halftime. With one minute 45 seconds left, the Wolverines were behind 51-38, but a free shot by L. J. Robinson and a layup on a fast break by Robinson put the Wolverines ahead to stay as they stalled the ball until the final buzzer sounded. High point for the Wolverines was Ken Osburn with 20 points followed by Ken Vaughan with 13.

Saturday the Wolverines came up against a more experienced team

Donner Man Hurt In Hit-Run Case

William D. Maxey, Donner Lake was treated at the Tahoe Forest Hospital Tuesday night for injuries received in a hit-run accident at Donner Lake snow gates where he was employed as flagman.

Shortly after the accident, the California Highway Patrol arrested Charles Coffman, Reno logger, and charged him with hit and run. He was held in jail under \$250 bail to appear before Judge Posten Wilson.

A side rear-view mirror knocked off the vehicle in the accident fitted the place where one was missing on the Coffman car.

BOY SCOUTS ENJOY OUTING IN SOUTH

by RICHARD BROWN
Scoutmaster Percy Samme accompanied eight Scouts on the Thanksgiving holiday. They camped and visited Burness Creek, the sand dunes and Scotty's Castle.

A car was generously lent for the trip by Clarence Osburn. Scoutmaster Nelson Stone has returned from firefighting at Angeles National Forest.

Scouts Frank Borden and Nicky Stone have successfully passed before a board of review for the Rank of Life Scout. They are the first Scouts of the Truckee area to attain this rank. Steve Besio and Kary Kiehlofer were welcomed into the troop.

POWNERS LEAVING ON PACIFIC CRUISE

TAHOE CITY—Mr. and Mrs. Willard Powner of Santa Barbara, who summer at their lodge at Tahoe City, will sail January 7 for a cruise of the Hawaiian Islands and include remote places in the Pacific in their itinerary. Powner will keep in close touch with his father's Chicago book publishing firm during their absence.

The couple has a number of interests, including photography, rare books which they add to in their frequent world traveling.

CHURCH PROGRAMS

All churches in the area are preparing special Christmas programs with music for the occasion and have extended cordial invitations to everyone to attend.

Back from Trip—

Johnny Richards has returned from a business trip to Los Angeles.

Captain Here—

Captain Richard Langer of the CHP at Roseville, was an official visitor here this week.

Oakland Firms Are Low Bidders For Truckee Freeway

\$7,620,605 Bid Is Below State's Estimate For Major Project

A low bid of \$7,620,605.55 was opened yesterday in Sacramento for a contract to construct 8.8 miles of four-lane freeway from 1.4 miles west of the Truckee Weve to 0.5 mile west of Boca. District Highway Engineer Alan S. Hart said Fredrickson & Watson and the Ransome Company, both of Oakland submitted the lowest bid of the 11 received. The total was under the state's estimate for the project.

The contract calls for grading and paving the section with Portland cement concrete, construction of bridges at 11 locations, erection of a truck scale house, installation of highway lighting and steel sign structures, and placing of underground utility facilities for an agricultural inspection station to be built under another contract.

Major highway structures to be constructed are: Donner Park overcrossing, Highway 40-State Sign Route 89 grade separation east of Truckee, Fibreboard undercrossing, Polaris undercrossing, Union Mills overhead and bridge, and two crossings of the Truckee River near the easterly end of the project.

The new section is on new alignment, Hart said, and no delay to traffic is anticipated. Minor controls will be required, he added, at the beginning and end of the project where it joins the existing route.

The contract provides for completion of the work in 270 working days starting April 1. This does not prevent the contractor from starting before that date although no work may be done that will disturb the existing road prior to this date, Hart stated.

The 1958-59 division of highways' budget contains \$5,400,000 for the start of work. The remainder of the cost of the project will be financed in the 1959-60 budget under a change in the law adopted by the last session of the state legislature. The funds from the 1958-59 budget are available for expenditure after January 1.

This project, when joined with two other projects in the area, will provide 21 miles of four-lane freeway from Donner Lake to the Nevada state line.

A 5.4 mile section is currently under construction from Floriston to the state line and is approximately 70 percent completed. Bids will be opened on January 22 for construction of the connecting section from Boca to Floriston, Hart said.

ROTARY CLUB ADDS SIGN FOR HOSPITAL

An attractive redwood sign now adorns the highway designating the ambulance entrance to the Tahoe Forest Hospital and J. J. McGlade, hospital administrator, has expressed the thanks of the board to the Truckee Rotary Club for its donation. The sign was installed by Johnny Ciradella. The wording is in Scotch-lite to make it visible at night.

Young Christmas Tree Dealers Stray Too Far

Two overly ambitious youths who entered the Christmas tree business apparently without full knowledge of the law, were accused of trespassing on federal land where a total of 85 trees were cut without permission. When their father returned after being away from home he appeared before Judge Harry Harrison at Tahoe City and paid a fine of \$100. The trees were confiscated by the forest service. The boys were 9 and 13 years of age.

Payments To Highway Builders In Area High

District Highway Engineer Alan S. Hart announced today that payments to contractors for highway construction in the 11-county District III amounted to \$2,642,163 for the month ending November 20. This figure does not include money expended for maintenance, storm damage repair, or building construction.

Last month's expenditure brings the total spent for highway construction since January 1 to \$27,458,372, Hart stated. This assures the district of its largest construction year.

Payments are made to the contractors monthly on the basis of the percentage of work completed on their contract during the month.

The American Automobile Association as called our national parks "the primary touring objective of the merican public."

AGREEMENT NOTICE OF AGREEMENT TO PURCHASE PROPERTY DEEDED TO THE STATE FOR DELINQUENT TAXES

NOTICE IS HEREBY GIVEN in
accordance with the provision of
Division 1 Part 6, Chapter 8 of the
Revenue and Taxation Code and
written authorization of the State
Controller that an agreement, a
copy of which is on file in the of-
fice of the Board of Supervisors
of Nevada County, has been made
between said Board of Supervisors
and the State of California, acting
by and through the Department of
Public Works and approved by the
State Controller, whereby said
County will sell to said State of

California, under the terms set
forth in said agreement all the
right, title and interest of the
State of California in and to the
real property hereinafter describ-
ed.

That, unless sooner redeemed
or an installment plan of redemp-
tion is initiated, the undersigned
Tax Collector, pursuant to said
agreement will not less than 21
days after the first publication of
the mailing of this notice as re-
quired by law, whichever is later, sell
said property to State of California.

That upon the sale of the prop-
erty the right of redemption will
cease. For information as to the
amount necessary to redeem or
initiate an installment plan of re-
demption apply to John T. Trauner,

FISH. GAME TO BUY NEW PATROL PLANE

The department of fish and game
will take delivery next week on a
1958 model twin-engine Beechcraft
airplane.

The new plane obtained through
the purchasing division of the de-
partment of finance for \$127,923,
was bought from the Pacific Air-
craft Sales of Oakland which mod-
ified the craft for fish and game
use.

The plane replaces a 13-year-old
Beechcraft, purchased from war
surplus stocks in 1948 for \$27,000.
It was sold this year, on a sealed
bid basis, to Fresno Airmotive,
Chandler Field, Fresno, for \$10,500.
The plane had logged more than
5000 hours and had covered more
than 800,000 miles performing a
variety of tasks for the depart-
ment of fish and game.

Law enforcement, serial planting
of fish and game, aerial photogra-
phy and mapping, waterfowl and
other game counting tasks, and
aerial scouting over ocean areas in
connection with marine resources
research activities, are some of the
duties assigned to the department's
aircraft. Two single engine air-
planes, a Cessna 170 and a Cessna
180, are also used for these ac-
tivities.

School Districts Of State Will Repay Big Loans

SACRAMENTO (CNS) — State
Controller Robert C. Kirkwood said
today 609 California school dis-
tricts will repay \$11,679,214 to the
state for loans made under the
state school building aid programs.
A total of 333 districts will re-
pay \$9,503,580 borrowed under the
state school building aid program
of 1949, and 276 districts will re-

Tahoe-Truckee School District News

TRUCKEE ELEMENTARY
KINDERGARTEN: We were happy to learn that Steven Rose and Debra Ruhl had been released from the hospital and are improving each day.

We are proud of the hand-made decorations on our Christmas tree. Very clever and attractive ones have been brought by Byron Johnston, Steven Young, Diane Rose and Candi Worsham.

FIRST: We had fun writing letters to Santa Claus this week. The most desired presents seem to be dolls for the girls and trains for

the boys.

Mrs. Lorrin Ferdinand will be in charge of our Christmas party, which will be held Thursday afternoon. The children will exchange gifts. We want to thank Mrs. Johnson and Mrs. Carpenter for our beautiful Christmas tree.

FIRST-SECOND: The children drew names and had their Christmas party Thursday. Refreshments were served by room mother Mrs. Walter Jellin and Mrs. Elgin Johnston.

SECOND-THIRD: Those having all words correct in the final test in spelling were: Ronnie Walker, Darlene Doolittle, Mary Ann Moore, Michael Gehrke, Wayne Mosby, Phillip Ridsen, Pamela Horman, John McGlade, Diane Daly, Bruce Ayala, Bill Rose, Dennis Crandall, Marion Ayala, Barry Wa-

ters, Henry Frates, Keith Saunders, John Clark, Susan Schuler, John Gohlson and David Higgins.

FOURTH: What a busy week we had. Everyone was preparing the room for the festive occasion. Teddy Daniels and Ray Currier were drawing a scene for Santa's workshop. Kathleen Kenyon drew and colored a pigeon-toed elf. Claudia Ayala, Candy Hamilton, Joyce Randall, Mark Moore and Anne Morey prepared many Christmas decorations. Teresa Gonsales and Karen Walker made clever Santas. David Schreck's contribution of wire and wood helped Foster Wilson, Doug Nelson, Larry Digesti, J. Besio and Walt Dallas in the models of Mr. and Mrs. Santa Claus. Puppet making rested in the able hands of Betty Saarni, Dawn Maynard, Randy Russell, Sherry Borden, Dave Douglas and Monty Straub. Engineering talents of Ricky Ralphs, Monty Straub, Chuck Trainor and Steve Van Sickle resulted in a lattice work design eventually to be a large greeting to all. The solid foundation for all this was prepared by Courtney (Old Concrete, himself) Lewis

whose able assistants Debbie Ellis, and Diana Pankoke did a remarkable job in demonstrating the uses of building materials. The language ability of Betty Saarni resulted in the writing of an original poem entitled "Christmas Everywhere."

FIFTH: Those pupils making a perfect score in spelling were: Patricia Shane, Dennis Douglas, Linda Banyard, Eddie King, Wade Mosby, Judy McGinn, David Sorani, David Watts, Garry Sturcke, Tony Kenyon, Marcia Leamon, Danny Garcia and Lynn Quarty.

SIXTH: Mrs. Sciutto bought us a Christmas tree. We have been making Christmas cards. They turned out very well.

TAHOE LAKE SCHOOL
KINDERGARTEN: Ronnie Sergi, Jackie Marier, Matt Barrett, Mark Wuthman, Danny Dempsey, and Jeanne Jones built a stagecoach out of the big hollow wooden blocks, then climbed aboard and had an exciting ride cracking their imaginary whips all the way. Suddenly with everyone working quickly the stagecoach was converted into a choo-choo train, and another ride enjoyed.

FIRST-SECOND: In our room this week we collected \$3 for Junior Red Cross. Everyone brought nickels and pennies. We have been reading and enjoying the magazine which we will get every month for our contributions. It has several good Christmas stories.

We are very pleased that Mrs. Farr chose one of our window panes to make into a churuch Xmas window. The second grade made blue stars to fill in the other panes.

SECOND-THIRD: The second and third grades bordered their room this week with snowmen dressed in red gloves, carrying black ski poles. Christmas stories were shared and plans made for the coming party with exchange of names and requests for the proper gift.

Chris Beavers and Tommy Easterley brought pictures to share of the Grand Canyon which the class studied last week.

FOURTH: Christmas program preparations and decorating the room occupied part of our time during the week.

We wish to thank Lance Poulsen and his family for the beautiful

nine-foot silver tip Christmas tree we have in our room. Lance also provided many of the Christmas tree decorations.

Two of our classmates will be out of school until after the holidays. Karen McBride and Donald Stowe are on vacations with their parents.

FIFTH-SIXTH: At the class election of officers for the next six weeks, Eddie Gill was elected president; Jimmy Kimball, vice-president and Janis Giannini, secretary.

Monitors include: Chipper Marvin, room; Eddie Hoff, hall; George Day, equipment; Jayne Shontz, and Joe Hoxsie, telephone; Roger Michener and Howard Cincotta, Mrs. Farr's room; Sandra Riggs and Barbara Hampton, Mrs. Beaver's room; Kim Turner, librarian.

The annual Christmas of the Tahoe Lake School will be held Thursday, December 19, at 6:30 p.m.

The Tahoe Lake School Choir will go Christmas caroling on Monday and Tuesday of this week.

KINGS BEACH SCHOOL
KINDERGARTEN: We have two more girls in our class: Barbara Hall returned from a few months' stay in Berkeley; Tommy Lord enrolled for the first time.

We have been working hard on our Christmas program.

FIRST: We have been making Christmas tree decorations in our room. Our program is going to be very nice. We hope all our parents come.

SECOND-THIRD: Georgie Burris, Susan Tucker and Roy Mack each brought a beautiful silver tip fir tree for our classroom. During art period, we made decorations for our trees.

THIRD-FOURTH: The new girl in our room is Saira Nyblom. We have been busy making gifts and decorating our tree. We wish to thank Mrs. Graton and Mrs. Howell for helping locate costumes for our Christmas program.

FIFTH-SIXTH: We are learning the facts of speech in English; the causes of the changing surface of the earth, and preparing "Holiday Medley" for our Christmas program.

We have new student, Sharon Nyblom.

WHAT'S DOING

George Selkirk, Telephone Manager, Truckee-Tahoe

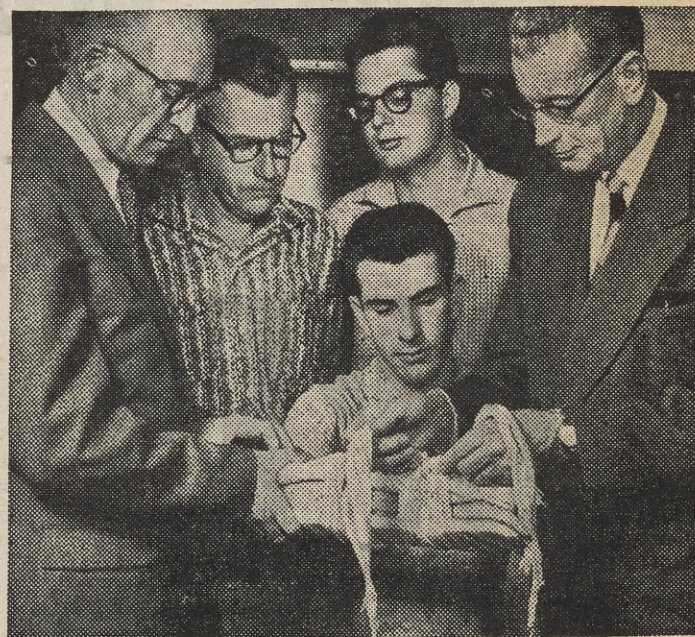

ANOTHER IMPROVEMENT TO BETTER SERVE YOU

Our new field operating center, located at Lake Forest, has been completed at a cost of approximately \$100,000 which includes the price of the land. It will be occupied immediately.

The new installation will house construction, line crews and cable splicers, installation, a supply center (the first in this area) and will provide an office for the supervising wire chief.

The building is of frame construction with tansite siding and is equipped with a hydraulic floor lift to unload cable reels and other supplies.

GEORGE SELKIRK, Manager.

Every so often I'll pick up a newspaper and read how telephone people have helped save a life somewhere. First aid instruction (above) deserves a lot of credit for this. For years we've been teaching our people first aid. Special courses like this are a part of their telephone training, under our continuing Safety Program. Our people have found that the safety methods they learned on their telephone jobs have proved mighty helpful when away from work. We think it makes good sense to have everyone well-trained in case of emergencies. Everybody's better off that way.

Looking for a Christmas gift idea that's both original and practical? Then give extension telephones—in color. Whether you're shopping for Mother, Father, Son, Daughter, Grandpa or Grandma, here's a gift that'll ring the bell all year long. And color phones not only give convenience and pleasure; they add a touch of beauty to any room. Shopping's easy, too. Just call your telephone business office.

NORTH TAHOE

By JUDGE HARRY CHARRISON

The Weather, Of Course

Here we are Sunday morning—raining like the dickens—far cry from the reports that I have been giving during the past couple of months. The weatherman cheers us up by saying there will be snow tonight and tomorrow above the 5000 mark. One sure thing they

can't take the beautiful weather that we have been favored with up to the moment. Squaw Valley has been able to make wonderful headway and have used many local workmen, now resorts can concentrate to make things comfortable for the skiers, as this year promises to be a bumper season.

Opening

Now I hear that the Monte Carlo is to open up on the 20th of December, lots of activities on the inside getting ready for a big open-

ing. (See big ad in this issue and be there Friday night.)

Another Party

Crystal Bay is planning a great big News Years eve party. It will be something really startling, watch this newspaper for a full page ad next week. You have attended many of these parties, well, this will be bigger than ever, so plan to attend on December 31.

Open House

The open house at the Wiley Jones last Sunday afternoon was a

trifle wet on the outside but the inside, well, we can leave that to your imagination as Wiley is chief of the bars at Crystal Bay Club. The weather brightened up for a while to spread its blessings over this wonderful couple and their home. Many gifts were left and we certainly left congratulations and lots of happiness for ever to Wiley and Bernita.

Buys Home

Jack Brown tells me that he has purchased the home of Joe and

PART OF FREEWAY NOW IN OPERATION

A portion of the new Heather Glen to Colfax section of freeway on Highway U.S. 40 was put in service December 9, District Highway Engineer Alan S. Hart announced Motorists at that time started using one and one-half miles of the new westbound lanes as a two-lane highway from Colfax to near the Illinoistown interchange.

The entire project is approximately 86 percent complete, Hart said, and is well ahead of the construction schedule established to achieve completion by next summer.

McCammon-Wunderlich Company and Wunderlich Contracting Company are the contractors on the six-mile project. Roy T. Phillips is the resident engineer for the division of highways.

Frank Verrano on Brassie avenue. The Ray Bergmans have been at the home all summer, but they have almost finished building a new home on Brockway Hill.

Santa Is Coming To Town

Don't forget the big children's party on Saturday afternoon on the golf course at 1 p.m. There will be a fire to keep you warm and Santa will arrive right on time and will have lots of beautiful presents for all. This party is sponsored by the Council of North Tahoe Organizations and backed up by the businessmen of the area.

Square Dancing

Yes, sir, it will be a great night on Saturday the 21st at the Carpenters Hall, Kings Beach, according to Johnny Lavra of the North Tahoe Twirlers, when a dance including square dancing, with callers from Reno, Quincy, Sparks and from many other towns surrounding Lake Tahoe. There will be a pot luck dinner at 8 o'clock, a big Christmas tree, and each person should take a gift. There will be lots of fun so don't miss this big night.

Sold Business

George Harrison who owns property at Kings Beach and Brockway and other nice property, tells me he has sold his lumber business in Reno that he has had for some years. He expects the family will make their home here, come spring.

Keeping Up With Jones's

Getting back to Wiley Jones, we have just left after a wonderful hour with some of the finest friends you would wish to meet. There were well over 250 in attendance. It is a beautifully planned home, a massive porch upon which you get the sunrise and sunset overlooking the lake with a phone in every room. Congratulations, Wiley and Bernita.

This is a short column this week so I would like to say
A MERRY CHRISTMAS
TO EVERYONE
May God Bless and Keep You
Through the Coming Year

Auxiliary Members At Crystal Bay Aid Santa

CRYSTAL — Meeting of the Ladies' Auxiliary V.F.W., No. 7077, was held Wednesday, December 11 at Crystal Bay Club. President Pearl Moore announced a dinner meet will be held on January 8 to honor Department President Jeanne Shipley, who will make her official visit at that time.

Snowmen favor made by the auxiliary members for the children at Weimar were judged and prizes awarded to Ethel Antonson, Laleita Decker, Nola Denny and Vera Woods.

Members attending the meeting worked as Santa's helpers in filling the Christmas socks for the local Christmas party to be held December 21 by the North Tahoe Council organizations. Gifts for the children were wrapped on December 5 by these members, and the tree on the golf course at Kings Beach was decorated by V.F.W. members on Saturday, December 7.

A very special thank you is extended to the Girl Scouts of Lone Troop, No. 1, and their leaders for the tray favors they made especially for the children at the TB sanatorium at Weimar.

Tray favors, snowmen and a portion of the gifts for these children will be taken to the hospital by auxiliary members on Friday, December 13.

Mr. and Mrs. H. J. Chanda will leave Tahoe Vista for Gardena, Calif., to spend the holidays with her parents and other relatives.

SIERRA SUN ADS PAY!

Compact Group Asks River Work

The California-Nevada Compact Commission voted last week in Sacramento to ask the California State Legislature to appropriate money for Truckee River channel improvement in an effort to better regulate releases from Lake Tahoe.

The commission said it would ask the legislature to appropriate money for acquisition of land easements and rights of ways.

Col. A. E. McCollam of the Army Corps of Engineers said his agency would not be able to undertake the Truckee River project unless the California legislature followed the suggestion of the compact commission.

McCollam said the easements and rights of way must be obtained before the engineers could begin work. He said local agencies in California had shown no willingness to make the purchases. However, McCollam added that Nevada's Washoe County had agreed to pick up the tab on the Nevada side of the state line, making action by the Nevada legislature unnecessary.

Water levels on Lake Tahoe have been considered a problem by lake-side residents and water users in both states. The lake is used as a storage reservoir for irrigation water both in Nevada and California. When the lake level is high enough to make it effective for water storage, beaches and other recreational facilities are damaged by flooding.

A KNIGHT BEFORE CHRISTMAS

A Knight, before Christmas, crossed over the moat And into the castle a bag he did tote.
T'was chuck full of gifts—such beautiful things:
A stuffed dragon's head complete with smoke rings,
A full suit of armor, new knells for the bells,
A home-magic kit with guaranteed spells,
"Gadzooks!" quoth the King, "Where'd you get the cash?"
"I'm a wise buyer, sire" the knight said in a flash.
"Each month through the year saved some of my pay
In a Christmas Club fund at our bank—B of A!"

TRUCKEE LUTHER 7-3300

STATE SPECIFICATION ROCK**STRICTLY
STRICKLAND**

By Bill Strickland

Skiing is in the air again, and even though most areas are suffering from a dearth of snow, the usual eager ones are on the Mountain looking for a patch large enough for a turn. Just big enough for one turn and there will be 25 or 30 avid ones waiting to make it, or at least try.

Up from the city for the weekend and looking for that patch were Ardelle Kelly and Jacqueline Overstreet. Kelly and Jake have been our guests several times before and, like most young ladies who ski, they also wait until the last minute to let you know they're coming. You get a letter Saturday morning saying they will arrive around midnight Friday night. That's the fun of living in the mountains though. You never know who's coming, or when, until they start banging on the door, or come into the back bedroom to awaken you that someone else is sleeping in their bed. Ah, yes. Life is interesting in the snow country.

As you have no doubt noticed. The delays have been lifted in the Floriston freeway construction area of Highway 40. Just about all of the six miles is up to grade and most of it has the rock base applied. There are several critical areas where cribbing is being installed so the area has a 35-mile per hour speed limit and at the critical points 25 miles per hour. Heed the signs—they were installed for your protection. They are also installed for the protection of the construction workers. For your information also, the construction equipment has the right-of-way; so, being in too big a rush can be dangerous.

Last weekend marked the official opening of the Sugar Bowl for the 1957-1958 winter season. The changes in the Magic Carpet have been completed, and it will now transport 700 passengers per hour. Most of all of the home owners have arrived to spend the Christmas and New Year holidays—among them Hannes Schroll and family. We recall that it was just 20 years ago that Hannes was telling us of the plans for the Sugar Bowl development and that some day it would be one of the finest ski developments in the west. His vision and seer-ability have proved

en to be very accurate.

There was quite an exodus of mountain people to Sacramento last week for the snow ball. We saw Fran Couillard, Elmo and Jeannie Morian. Bud and Barbara Zorich, Sherm and Sue Reams, June Forster and daughter, Joanie, Rudy Talso and his dog team, Pete Johnson and Sandy Poulsen. From Sacramento, Madeline and Starr Walton, Jerry Micacich, Jimmy and Shirl Winthers. The big band of Les Brown really supplied some terrific music. All told we'd guess there must have been nearly 2000 in attendance.

Before another issue of this paper comes off the presses, Christmas for 1957 will have come and gone. So, I'd like to take this opportunity to extend our best wishes for a Merry, Merry Christmas to You—and You—and especially YOU!!!

Church Notes

COMMUNITY METHODIST CHURCH NEWS

The congregation was most happy to welcome Rev. A. T. Hanson back to the pulpit. A short official board meeting was held following the Sunday morning service where plans were completed for the chil-

dren's Christmas program which will be given this coming Sunday evening, December 22, at 7 o'clock. A short pageant will be given which was written by Rev. Earl Langguth of Kings Beach. Mrs. Fosten Wilson said that mittens will be given to children requiring them and the collection will be sent to an orphanage.

On Wednesday evening the com-

NEW POWDER BOWL IS NOW OPERATING

DEER PARK—Deer Park Development Company has extended an invitation to everyone to get acquainted with the new facilities there on December 21 with a free day of snow sports, William Briner announced.

Then on December 26, to get the season underway, Briner said, a get-together ski race for the children will be held at the Powder Bowl.

The name Powder Bowl was given because of the powder snow which is found throughout the bowl and on Powder Peak all during the winter months. A new 3000-foot Pomo ski lift was installed this summer and is now in operation and in addition, Briner said, there are new rope tows and beginners' slopes so that everyone can enjoy the skiing.

munity heard the first performance of the cantata by H. Alexander Matthews called "The Story of Christmas." The wider community will be happy to observe the performance of the same cantata in Kings Beach on Friday evening at 8 o'clock. It is a happy occasion when two choirs can cooperate as these two have done to perform such fine music. The combined effort is under the direction of Mr. Victor McLane.

On Christmas Sunday, December 22, the Rev. A. T. Hanson will again be in the pulpit and there will be special music by the choir. A cordial invitation is given to all those desiring to be present at all the above services.

TRUCKEE BIBLE CHURCH

The Truckee Bible Church luncheon given at the William Englehart, Jr., home, attended by 19 was enjoyed Tuesday in spite of the inclement weather. Tables were decorated with candles and posters declaring Jesus to be "the light of the world." The centerpiece was made up of red carnations and pine branches.

Mrs. Wes Boyer designed the decor for the affair and Mrs. Roy Rhoades was heard in vocal solos.

Sunday evening at 6 p.m. the Christmas banquet for the youth of the church will be held at the home of Mr. and Mrs. E. L. Brown. Our speaker for the evening will be Jerrald Barrett from Reno. After enjoying a sumptuous turkey dinner with all the trimming the young people will sing Christmas carols and enjoy Christmas recordings.

TNT Tidings

by NANCY WATTS

The "Chipmunk," Tahoe-Truckee annual, is on sale at the student store. It sells for \$3.50 if you have a student body card, \$4 if you haven't had the shrewdness to buy one yet. These annuals must be paid for in full now, because the money is needed in advance in order to publish the yearbook. The annual staff consists of John Firpo, editor; Luisa Sciutto, business manager; Dave Whitley, art editor; and Shirley Taylor, Sharon Tremayne, Errol Kehm, Larry Reid, Jim Wainscoat, and Jim Harris. With this staff and the extra money brought in by the slight raise in price, this year's Chipmunk should be the best ever.

Christmas vacation begins on Monday, to the relief of all students (and teachers?) There will probably be lots of skiing, skating, and tobogganing and quite a few parties. The happy holidays will end on January 3rd and students will have to settle down again. The end of the semester will come in the latter part of the month, so the first of the year promises to be a "grind for grades." Oh, well, our advice to students is, enjoy vacation while you can and have a Merry Christmas!

TNT's senior class is presenting a Christmas ball, called "Silver Bells," on Saturday, December 21. From the hints of gossip heard in the halls, it sounds like a wonderful evening with terrific decorations and food. A 7th or 8th grader may attend only as a guest of an upperclassman. This dance looks as though it will be the best of the year, and a big success financially for the seniors.

352 LIVES LOST IN NOVEMBER TRAFFIC

SACRAMENTO (CNS) — Traffic accidents on California highways claimed 352 lives during November, a reduction of seven from the same month in 1956, the California Highway Patrol reported.

"Our provisional traffic death toll for the first 11 months of 1957 reached 3336, representing a decrease of 1.5 percent compared to the same period last year," B. R. Caldwell, CHP commissioner said.

Mr. and Mrs. Bob Campbell spend their time between Tahoma and Reno in the winter.

VFW District Meet Held At Lake Tahoe

CRYSTAL BAY—District No. 3 meeting of the Veterans of Foreign Wars was held at Crystal Bay Club Sunday, December 8 at 2 p.m. District Commander Sam McDowell of Reno and District President Stella Haughnessy Reno, presided over the business session of post and auxiliaries in the district. Buffet prepared by Crystal Bay Club was served by auxiliary members.

Community service plaque won by Post No. 7077 and its auxiliary, as second place winners were presented. Membership trophy cup won second year by Lake Tahoe Auxiliary was presented by post department President Virginia Gionatti, who also stated possibility the Lake Tahoe Auxiliary will win the cup, as theirs to keep in the 1957-58 contest, being again first 100 percent paid membership and quota.

Pins for over 150 volunteer hours given at the V.A. Hospital in Reno were presented to Helen Thall, Sparks, and Hazel McDowell, Reno.

A special citation was presented to John S. Crewshaw as commander of the Lake Tahoe Post.

ALIENS REQUIRED TO GIVE ADDRESS SOON

District Director Bruce G. Barber of the immigration and naturalization service stated that aliens in the United States will be required to report their addresses to the attorney general within the near future.

All aliens, with few exceptions, who are in the United States on January 1 each year must report their addresses by the end of that month. Only the following classes of aliens are excused from this requirement: (1) Accredited diplomats; (2) Persons accredited to certain international organizations; and (3) Those admitted temporarily as agricultural laborers.

Forms with which to make the report can be obtained from any post office or immigration office during the month of January.

Barber said that the law provides severe penalties for failure to comply with the reporting requirement.

Mr. and Mrs. J. T. White of Tahoma are spending some time at Carmichael.

PATRONIZE LOCAL STORES

BUY MOTEL

Mr. and Mrs. R. J. Mahoney, formerly of Kings Beach, have written that they have bought the Lamplighter Motel at Las Vegas, Nev. The attractive picture of the units includes a large swimming pool and all that goes with such a setting.

ELF RE-ELECTED

Roy Elf, former member of the local staff of the Bank of America was re-elected as president for the third time to the Dixon District Chamber of Commerce. He is assistant cashier in the Solano County town.

NEWS NOTES FROM TAHOE

By Naomi McLane
Tahoe City, Box 711, Juniper 3-3187

Office Open

Perhaps the most important news of this week is Postmaster Oliver Corona's announcement that the post office will be open all day Saturday, December 21. Mail will be put out on Sunday but the windows will not be open that day.

Correction

There were two important errors in last week's Sierra Sun article about the Tahoe City Fire Protection district for which I am to blame. The proposed enlarged district extends in the three directions mentioned (north and south from Tahoe City and down the Truckee River) about four and a half miles instead of the one and a half mentioned. The other error is more important: The public hearing will be held in the Community Hall on December 30 at 8 p.m. not the earlier date.

Co-Hostesses

Mrs. Jeanette Moe, Mrs. Pauline Keehn and Mrs. Ora Day were co-hostesses at the home of Mrs. Betty Jorgensen Thursday night to fellow members of the nursery school. The evening was for pure fun only and gifts for the kitchen were exchanged with much enjoyment. "Graduated" members were also invited and many attended. English fish and chips made up the refreshments for the evening.

New Quarters

The nursery school moved Thursday to their new and permanent quarters in the house behind the fish hatchery and everyone is very pleased with the facilities there. The parents had worked very hard to get the house cleaned up and ready for use.

Cub Party

The fury of our first big storm did not keep the Cub Scouts from their Christmas party Monday night in the Community Hall. An officer of the V.F.W. in Kings each presented the boys with both a troop flag and an American flag. Martin Spitsen donated the poles for these flags and Don Snyder made the necessary stands. Mrs. Vincent Michener lead the den in carol singing while Mrs. Solveig Beavers accompanied them at the piano. Cookies, doughnuts and hot chocolate were served by the den mothers and visiting mothers and candy favors were given to each boy. Mrs. Ernest Marier, Mrs. Cliff Plew, Mrs. Gordon Moyer and Mrs. Michener are the den mothers who arranged this party for their boys.

Sees Sputnik

Mrs. Joe Henry saw Sputnik II the other early morning. She had been watching and checking times for it and is very sure that she

saw it. Since she has been so faithful a plane-spotter for these last several years I think we can be sure she was not mistaken. She and Joe went down to Auburn Monday to a meeting of the county board of health.

Prepare Hill

A work party all day Saturday cleared and burned thrash on the Ski Club hill getting it ready for winter's skiing. Every service station in town gave crank case oil for the cause which the club appreciates very much. In fact they may have burned as much oil as brush. Among the men working were three Bobs, Jorgensen, Stark and McLane, and Ray Fellows, Bill Bechdolt and Jack Starratt. Dinty Moore sent up refreshments to keep spirits from flagging. Also a crew of youngsters worked quite hard all though the day. Of these there were too many to name.

Christmas Party

Saturday night, December 21 the Girl Scouts are having a Christmas party at the Community Hall. All fifth and sixth grade students are invited and their parents. The girls have worked very hard under the leadership of Mrs. Enrico Giannini and Mrs. Richard Sprague to make this party a fine success. Also, depending on the weather, the girls went down one day this week to sing carols at the hospital. Each patient received a small Christmas favor.

Christmas Affair

A Christmas tea and cocktail party was held at the beautiful lakeside home of Mrs. Don Snyder Thursday afternoon. Helping as co-hostesses at this annual party of the Women's Club of Tahoe were Mrs. Phil Geier, Mrs. Howard Guth and Mrs. Bertel Anderson. A delightful highlight of the afternoon was the showing of hand-knit gowns made by Mrs. Oliver Corona. The variety of her knitted dresses among which were both sheath and dirndl types surprised the viewers very much. A coat too which rivaled fur in its rich appearance was a feature. Other club members modeling the gowns besides Mrs. Corona were the Mesdames Jay Shontz, Melvin F. Jones and Marshall Rukhala.

To San Bruno

Mrs. Solveig Beavers and the children, Chris and Nancy, will go to San Bruno to spend the Christmas holidays with the grandparents, Mr. and Mrs. Sigvard Roning.

Carolers Out

Frith Turner lent his truck for Jim Reynold's fifth and sixth grade choir to go caroling in Lake Forest, Tahoe City, Squaw Valley and points west. The group all ended up at Kim Turner's house where she and her parents, Frith and Lu, served everyone with home-made cookies and hot chocolate.

Visit Bay Area

Mr. and Mrs. Enrico Giannini and the children, Trent and Janis,

went down to the bay area for the weekend. On their return they brought Danelle Pomin to visit for a week.

"BEST FOR LESS"

STATE OF CALIFORNIA
DEPARTMENT OF PUBLIC WORKS
DIVISION OF HIGHWAYS

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the State Highway Engineer, Room 510, Public Works Building, Sacramento, California, until 2 o'clock P.M. on Wednesday, January 22, 1958, at which time they will be publicly opened and read in the Assembly Room of said building for construction on State highway in accordance with the specifications therefor, to which special reference is made as follows:

Nevada County, between 0.5 mile west of Boca and 0.8 mile east of Floriston (III-Nev-38-A.B), about 6.7 miles of four-lane divided highway together with ramps, access roads and connections to be graded and paved with portland cement concrete on cement treated subgrade. Plant-mixed surfacing to be placed on cement treated base and untreated base, and six bridges to be constructed.

Bids are required for the entire work described herein. The time limit specified in the special provisions for the completion of work contemplated herein is, in the opinion of the State Highway Engineer, insufficient to permit completion of the work by the Contractor working a normal number of hours per day or week on a single shift basis. It is expected that additional shifts will be required throughout the life of the contract to the extent deemed necessary to insure that the work will be completed within the time limit specified. Any additional costs occasioned by compliance with these provisions will be considered to be included in the prices paid for the various contract items of work and no additional compensation will be allowed therefor.

The attention of bidders is directed to the fact that the work herein proposed to be done will be financed in whole or in part with Federal funds and that therefore all of the applicable Federal statutes, rules, and regulations will apply to such work.

The attention of bidders is particularly directed to the provisions of Section 7, article (a), a subarticle (6), of the Standard Specifications regarding the use of domestic materials; to the provisions of Section 8, article (b), of the Standard Specifications regarding assignment of the contract; to the requirements of Section 7, article (b), of these special provisions regarding non-collusion among contractors; to the requirements of the special provisions regarding subcontracting; and to the prevailing wage rates predetermined by the Secretary of Labor as provided in Sections 5 and 7 of the special provisions.

Minimum wage rates for this project have been predetermined by the Secretary of Labor and are set forth in the special provisions. In accordance with the provisions of Section 1770 of the Labor Code of the State of California, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done to be as follows:

Rate per hour	Classification
	Skilled Labor
\$3.30	Asphalt plant engineer
3.62	Boom type backfilling machine operator
3.00	Boxman (asphalt plant)
3.225	Carpenter
3.22	Cement finisher (journeyman)
3.055	Combination bootman and road oiler
2.89	Compressor operator
3.25	Compressor operator (2 to 6)
2.89	Concrete mixer operator (up to one yard)

CRIME IN STATE IS
REPORTED UP 10
PERCENT IN YEAR

SACRAMENTO (CNS) — Crime in California, up 10 percent during the first six months of 1957, is a "growing menace" and there must be greater public precaution and participation if police protection costs are kept from skyrocketing.

That is the mid-year report of Attorney General Edmund G. Brown. The report showed a total of 92,214 felony reports of seven major offenses during the January-June period. The rate was 657 complaints per 100,000 population, as compared to a rate of 598 complaints during the first half of 1956.

3.25	Concrete mixer operator (over one yard)
3.30	Concrete saw operator (self propelled unit)
2.755	Concrete saw operator (walking or hand type)
3.62	Derrick operator
3.33	Dual drum mixer operator

The minimum wage paid to all skilled labor, for which rates are not shown above, shall be not less than \$2.705 per hour.

The minimum wage paid to all intermediate labor, for which rates are not shown above, shall be not less than \$2.505 per hour.

The minimum wage paid to all unskilled labor, for which rates are not shown above, shall be not less than \$2.505 per hour.

Overtime—not less than one and one-half (1½) times the above rates.

Sundays and holidays—not less than one and one-half (1½) times the above rates. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workmen employed on the project.

In the event there is a difference between the minimum wage rates as predetermined by the Secretary of Labor and the prevailing wage rates as determined by the Department of Public Works for similar classifications of labor, the Contractor and his subcontractors shall pay not less than the wage rate which is the higher of the two.

Plans, specifications, and standard proposal form to be used for bidding on this project can only be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California.

Plans and specifications may be seen at the office of the State Highway Engineer at Sacramento, at the offices of the District Engineers at Los Angeles and San Francisco, at the office of the District Engineer of the district in which the work is situated, and at the office of the Associated General Contractors in San Francisco.

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Proposal Requirements and Conditions set forth under Section 2 of the Standard Specifications. Each bidder must be licensed and also prequalified as required by law. (See said Proposal Requirements and Conditions).

The Department of Public Works reserves the right to reject any or all bids.

DRINKING DRIVERS
TO BE SUBJECT OF
TWO AGENCY DRIVE

SACRAMENTO—Drinking drivers will receive special attention during the December holidays, according to plans developed by the California Highway Patrol and the state department of alcoholic beverage control.

Patrol Commissioner B. R. Caldwell and ABC Director Russell S. Munro agreed to the two-pronged attack on the drinking driver problem and promised professional enforcement action against all violators.

"Our cooperative enforcement efforts have brought favorable results in the past," stated Munro. "Our agents will again work closely with the patrol in a concentrated program designed to control the excessive drinking situation on and off the highways."

"We are asking all military and local police agencies to join us in this effort during the holidays and look forward to a broader and more effective program," Caldwell said. "An extensive public information program is also planned which we hope will reach every user of our streets and highways between now and Christmas eve."

SWISS STILL SEEKING
OLYMPIC BOBSLEDS

From Baden, Switzerland, comes word that the Swiss Bobsled Federation will exert pressure to have the International Olympic Commission reverse its decision to eliminate bobsledding from the 1960 Squaw Valley Olympics program.

Peter Kasper, newly elected president of the federation, said: "We hope to get nearly all the National Bobsled Federations to join our move. The National Bobsled Committee of the (United States) Amateur Union has already indicated its approval."

"It is our duty to preserve our sport in the Olympic program," Kasper declared, "in order to do so, we must prove our willingness to travel as far as Squaw Valley."

Prentice Hale, president of the Squaw Valley Organizing Committee, has said that the bobsled events would be carried out providing a sufficient number of countries requested, but that it would be eliminated if only a few teams entered.

One of the few remaining segments of the original El Camino Real—the King's Highway—can be seen in the San Juan Bautista Historical Monument.

The charges Californians pay for transportation and utility service result from rates authorized by the Public Utilities Commission.

Most of Jamestown Island, site of the first permanent English settlement in America, is contained in Colonial National Historic Park.

TREE CUTTER PAYS FINE IN COURT HERE

Louis Euer of Truckee pled guilty to theft of Christmas trees from National Forest lands December 11 before Judge F. W. Wilson of Truckee and was fined \$200 with \$100 suspended pending settlement of a triple stumpage damage suit filed by the government. The cutting was discovered and investigated by personnel of the Truckee District Forest Service and the arrest was made by Deputy Sheriff Emery Lander at the Euer ranch in Euer Valley.

The Southern Pacific Land Company is currently conducting a separate investigation on tree trespasses in the area, Ranger Roy Saarni reports.

Christmas tree operators are cautioned to be sure trees are cut within their proper land lines. Before cutting, permits must be filed and transportation permits obtained as provided by state and county laws.

Observes Birthday—

Mrs. William Englehart was feted by her family and friends on December 17, in observance of her birthday.

CAPACITY AUDIENCE SEES FASHION SHOW

The Winter Wonderland Fashion Show and luncheon put on by Hope Assembly L.T., the Order of Rainbow for Girls, December 8, was a great success. A luncheon was served to a capacity crowd at 1:30, followed by a fashion show.

Janice Gray, worthy advisor, welcomed the guests and introduced Jude Commagere, the commentator and Mrs. Rose Price, accompanist for the fashion show.

The girls modeled night wear, school, sports and ski outfits, party dresses.

The Rainbow Girls would like to thank the Toggery, Cabona's and Besio's of Truckee, Porters, and the Village Store of Tahoe City, North Shore Hardware of Kings Beach, the Wonder, Gray Reids and the Wedding Shop of Reno, and Zorich Ski Shop of Norden for their co-operation and the privilege of modeling their clothes for the afternoon.

Birthday—

Denise, daughter of Mrs. Cecil Clepper was the center of attention of her birthday which occurred on Friday the 13th.

Two Found Guilty In Beating Trial

NEVADA CITY—Ray Dyer and Eugene Robert Brannon, both 24, of Truckee, were found guilty of assault last week by Superior Judge Vernon Stoll in a non-jury trial in superior court.

Major factor in this decision was testimony by Lee Beatie, a Wyoming truck driver, who was passing near Floriston and witnessed two men beating a third man.

Dyer and Brannon were accused of beating a 51-year-old one-armed flagman in October when he hailed their car near Floriston. The defendants contended the man, Roy Grimm of Reno, swung at them first.

Beatie testified that while he did not actually see who swung first he saw the two men beating the other. Grimm was taken to Washoe Medical Center in Reno, where his condition was serious for some time.

Grimm is appearing on the stand pointed out the defendants as the two who had beaten him and knocked him to the ground.

He is an employee of Gibbons and Reed Construction Company which was contractor on highway work in that area.

Also appearing on the stand were Sheriff Wayne Brown and Truckee Deputy Ayala who told of the investigation and arrest of Dyer and Brannon.

Judge Stoll set Friday, January 2, for the sentence following study for probation report.

Tom Wahl, Sacramento attorney, was counsel for the defense and District Attorney Harold Berliner acted for the prosecution.

WOLVERINES

Continued from Page One

and with a lot of height as they dropped a well-played ball game to the Carson City Senators, 68-60. The Wolverines trailed 25-8 in the first quarter but rallied to chop Carson's lead to 42-32 at the intermission. After a half time show put on by the TNT band both teams returned on the court. Starting the third quarter the Wolverines had lost the services of L. J. Robinson because of fouls. In place of Robinson Coach Brehler substituted with Craig Robinson who proved to be the sparkplug in the third quarter as the home team edged up to the Senator at the end of the quarter, 53-48. Starting the final quarter Berger Nelson, one of the Wolverines' forwards, was removed from the game as a result of five fouls. After tying the game at 54-54 Floyd Cooper and Ken Vaughan left the contest also. The Senators taking advantage of this pulled ahead to win 68-60. Ken Osburn and Cooper shared scoring honors with 16 points a piece. Craig Robinson was second high with 12. The game was one of the best played by the Wolverines in many a year.

The J.V. "Cubs" picked up an inspired win for Coach Guy Wilson at Hawthorne as they won their first contest 31-23 from the Hawthorne J.V. Marty Kumble was high man for the night with 9 while teammate Bob Mercia had 8. Returning home the following night the Carson Jay Vees weren't to be denied a victory as they defeated the Cubs. Bob Mercia contributed 16 points to the Cub's cause.

Both clubs will play the Yerington Lions at home for the last game before vacation tomorrow night. Game time is set for 7 p.m.

COUNTY BUILDING

Continued from Page One

home and the Tahoe-Truckee Wye. A site at the Wye, owned by the Utility District, was scanned but members of the board expressed the belief that the area is too small to accommodate the proposed building and provide parking space. Members of the board and committee inspected other sites between the Wye and town, but gave no indication of agreement.

A number of county agencies, including a branch of the county jail and sheriff's office, as well as offices for deputy assessors, clerk, welfare, justice court, custodian of the building and various other departments would utilize the building as well as some local boards, according to information obtained by the committee.

Cecil Edmunds, member of the county planning commission, has offered to contact financial concerns to determine whether or not the building can be constructed under a lease-purchase agreement and thus avoid the lengthy delay of accumulating taxes or the uncertainty of a bond issue.

The cost of the building, as proposed by the committee, would exceed \$200,000. The cost of the land to be acquired would also be a determining factor, they pointed out.

Among those attending the meeting from the county seat were County Clerk J. T. Trauner, Sheriff Wayne Brown and County Expert W. W. Brunner.

DETOUR COMPLETE

District Highway Engineer Alan S. Hart announced today that a detour has been completed that will handle traffic during the future construction of a four-lane freeway between Monte Vista and Alta road on Highway U.S. 40.

NEWS NOTES

(Continued from Page 12)

Holiday Guests

Mr. and Mrs. J. H. Taylor will have a full house of grandchildren for the holidays—nine of them. Mr. and Mrs. Harold Beck and their five children from Butte City and Mrs. Lucina Mullins and her four from Marysville are looking forward to their white Christmas.

In Florida

The George Waters, Taylor's son, are spending the holidays in Florida. They will visit in Ohio before returning to their Reno and Lake Tahoe homes. With them is their little six-weeks old daughter, Jacqueline.

Name Officers

At their last meeting our local firemen held their annual election of officers. Al Henry begins his 12th year as chief, having first begun in 1946. Pete Vanni is again assistant chief and Bob Jorgensen and Les Spitsen are lieutenants. Hal Farr was elected captain. Basil Kehoe is president for the coming year and Don French is secretary-treasurer.

ILLEGAL PARKING IS BLAMED FOR MISHAPS

Four cars, including a highway patrol vehicle were involved in a collision at Soda Springs Sunday at 5 p.m. in which two were hurt.

Patrolman Edward McCallen spotted a car operated by Emil Norby illegally parked and pulled to one side of the highway to check it. As he did a third car driven by Clark Norris of Sparks ran into the Norby car, causing it to smash into the patrol vehicle. A fourth car operated by Kenneth Butts of Sacramento was unable to stop and hit the wrecked vehicle.

Thomas Willis, 20, and Jack Willis, 17, both of North Sacramento, occupants of the Norris car, were injured and taken to the Tahoe Forest Hospital for treatment. Norby was cited for illegal parking.

Frank Thiel, Crystal Bay, suffered minor injuries when his car collided with one parked by Miss Audrey E. Welch of Kings Beach near Kings Beach Sunday at 6:30 p.m. Miss Welch was cited for parking illegally.

At the same time Sunday evening cars driven by William Van Dye, Salt Lake City, and Nichol

HOWARDS ON TRIP

Mr. and Mrs. J. M. Howard returned from a combined business and pleasure trip during the week-end to Sacramento and continued to Santa Rosa where they visited their son.

PRE-CHRISTMAS PARTY

Mrs. L. D. Nelson was hostess Monday evening to a group of friends at a pre-Christmas party. Cards were played during the affair and refreshments were indicative of the chosen theme.

TAX FORMS

Federal income tax forms for use during the 1958 filing season will go into the mails in time to reach taxpayers between December 27 and January 10, it was announced by Joseph M. Cullen, district director of the internal revenue today.
